Subject: TUESDAY NIGHT'S BASKETBALL GAME VERSUS WILLIS

Good morning,

I wanted to let you know that we are eternally grateful to your athletic program for the love, care and "class" they exhibited at Tuesday night's game. My husband is the Head Coach of the Varsity team I wanted to make sure you and your entire administration appreciate the kind of people you have employed in your athletic department.

Your Varsity basketball players are a "class act". They not only joined our team in prayer for our injured player while we were in the gym, but they also joined us at the emergency room after he was transported to the hospital.

Words alone cannot express to you our heartfelt gratitude and appreciation.

I personally thank you, Klein Oak. Your community should be proud. I know I am!!!!

** the injured player was transferred to Children's Hermann Memorial in Houston Tuesday night. He suffered a bruise on the wall of his heart, which caused some swelling and pain. He is fully conscious now, on medication to reduce the swelling, and we are hoping that he is released today.

Again, thank you, thank you , thank you!

Retena Harrison
PEIMS Coordinator
